DALT'S THEATRE-" DOLLARS AND SENSE." There is excellent fooling in the farcical play of Dollars and Sense"-an old favorite with the votaries Theatre-which was revived last night, and in which Ada Relian gave the sportive episode of Jenny O'Jones—once associated with "Red Letter Nights." This frollesome piece recurs after a considerable time absence, and it had much of the effect of a novelty. Mrs. Gilbert, whom everybody honors and loves, made her re-entrance, and gladdened all hearts by her cheerpresence and her inexhaustible mirth. The cast ewis, Miss Prince, Mr. Gresham and Mr. Haswell. The episode of Jenny O'Jones was invented by Mr. Daly. The central figure of the farce is the girl of the period, and in order effectually to repel an objectionable sultor she pretends to be a gawby, and sings an in-terminable song about Miss Jones, until her unwelcome admirer is glad to fly from her presence and re-bounce all pretensions to her hand. The rich resources of comic humor that are at Miss Rehan's command were again suggested by this refreshing ebuilition of vivacity and of exhibitating glee. The hoyden, to Ms artist, is as easy as the fine lady of comedy or the Myllic heroine of romantic drama. This is versatility, in the true sense of that abused word. More purticular comment upon this revival is not requisite for the public benefit. The community is reminded that a genuine and well-remembered source of innocent Pleasure is once more within its reach. It is not likely to forget an old friend.

VICE-PRESIDENT MORTON AMONG THE DIS-TINGUISHED APPIVALS

MORE THAN THIRTY GOVERNORS TO BE PRESENT AT THE WORLD'S FAIR DEDICATORY EX-ERGISES-THE HOTEL MEN READY FOR THE CROWDS-GENERAL MILES ON THE MILITARY PARADE.

Chicago, Oct. 18 .- A heavy drizzle which at times expanded into a steady downpour made Chicago's holiday dress look rather the worse for wear to-day. Notwithstanding the discourage ments of the rain and a strong north wind, the work of decorating went swiftly and steadily on. Visitors all day long poured into the city by ten of thousands, and included all sorts and conditions of people. Militia officers are to be seen on almost every corner, while most of the regulars are encamped in Jackson Park.

Vice-President Levi P. Morton and his party and ex-President Hayes and his party arrived in Chicago this morning. The trip from New-York took about twenty-three hours. So large a crowd was present at the Van Buren-st, station that it required the efforts of several special police to keep eager spectators from crowding the visitors. At Twenty-second-st. President Higinbotham, of the World's Fair, boarded the train. Soon after the arrival of the train at the station ex-President Hayes, accompanied by his daughter, Miss Fannie Hayes, stepped from his car, and was welcomed by ex-Congressman George Adams, General Newberry and several newspaper men. The ex-President and Miss Hayes were escorted to their apartments at the Grand Pacific Hotel.

Vice-President Morton was accompanied by Mrs. Redmond and Miss Merton, and his private secretary. H. N. Higinbotham escorted the party to carriages, in which they drove to Mr. Highbotham's home, where the Vice-President will remain during his stay in this city.

Governor Burleigh and party, from Maine, at rived here on the Grand Trunk this morning, and were at once driven to the Victoria and Wellington hotels. Many former residents of Maine were at the station to greet them. The Governor is accompanied by his staff, Executive Council and several other persons. A large delegation from Massachusetts, headed by Governor Russell, also reached here to-day. Besides this big delegation there were several others of striking proportions. Governor Russell's party is no larger than are the escorts of most of the Governors, more than thirty of whom will arrive here before to-morrow night. Governor John D. Routt, of Colorado, and his staff, were among the day's arrivals. The Gov. ernor immediately established headquarters in the Grand Pacific. Governor Markham, of California, and his staff are also in the city.

The United States Marine Corps and the Indian boys from the Carlisle school who are to take part in the dedication ceremonies arrived in town this morning by the Fort Wayne road. They had a special train, which was run as the second section of the Fort Wayne limited. On arrival at Grand Crossing their train was switched to the Illinois Central tracks and transferred direct to the Exposition grounds.

Notwithstanding the great crush there will be no discomfort. The hotel men are confident of their ability to care for all visitors who will come and they assert that rates will be reasonable, all reports to the contrary notwithstanding. There is no ruth in the repeated statement that there will be a dearth of carriages and cabs, and that in consequence exofbitant prices will prevail.

In regard to the many complaints that have poured into Army headquarters as to the decision arrived at by General Miles that the infantry wil not participate in the downtown parade, but will meet the procession a mile from Jackson Park, the General has this to say: "The dedication cere monies proper are the principal feature for Friday It seems almost an insult to the high Government officials who will be here-the Vice-President. justices of the Supreme Court, diplomatic corps Senators, Representatives, Governors and lady managers-to say that the people of Chicago care nothing for seeing them In this procession there will be more high Government officials than were ever convoked before for any purpose. It is a department, and the gift must be declined unless the physical impossibility to bring the infantry into this parade for its whole length. To do so it ld be necessary for the men to march nine | Bliss, Captain Schoneld, Commissioner J. W. De miles up town and nine miles back again-a full day's work. But the parade will not be without military escort at any point. The cavalry and artillery will come down to the Auditorium, receive the procession and escort it for six miles. Then the infantry will take up the escort for the rast of the listance to Jackson Park. If the weather is fine, the mounted staffs of the various Governors will be in full uniform. Besides the mounted escorts. there will be two mounted cavalry bands and three batteries of artiflery. There will be evolutions of the troops in the field at Washington Park on Wednesday and Saturday, which as many of the public as care to attend can see. It was never intended to make this a great military celebration Next year, when there are 100,000 troops here, the people of Chicago will see a military spectacle that

is worth while." A suggestion is made, however, that Saturday be made "Military Day," and that a grand mili-tary parade be given. This plan has not yet been thoroughly canvassed, but there is a probability that an effort will be made to carry it

ability that an effort will be made to carry it out.

The State troops that will arrive here on Wednesday are. Ohio, 2,000: Michigan, 500: Iowa, 1,200; Indiana, 1,000; Wisconsin, 1,200; Minnesota, 1,000 Missouri, 500. The Illinois, Michigan, Minnesota and Wisconsin regiments will be quartered in the Transportation Building and annex, and the Indiana, Ohio, Towa and Missouri troops in the Agricultural Building.

Decorators are hard at work in the Manufactures and Liberal Arts building, but not much decorating has been done, except on the stand for the distinguished guesis and the speakers. Everything has been placed in order on the floor. The decorations for the speakers' stand, though not complete, promise to be rich and handsome. The back of the stand has been filled in from the rear seat to the gallery with large American flags, forming a striking background. Festoons of flags of all nations hang gracefully down in front from a point in the centre to the sides, and flags are grouped on each side to the gallery. The front of the stand is being festooned with yellow drapery and other colors will be added.

No freight will be received or delivered by the railroads in Chicago after the close of business to-morrow till after the celebration, special provisions, of course, being made for the delivery of perishable freight. All the roads have agreed to close their commercial and contracting freight offices on Thursday and Friday. They have further agreed to close their city tickeloffices on Thursday.

MEETING OF THE BOARD OF LADY MANAGERS Chicago, Oct. 18.-The Board of Lady Managers of the World's Columbian Exposition met in Central Music Hall this morning, 104 delegates and alternates being present. Mrs. Potter Palmer, president of the heard, read her report, which contained about 7,500 words. She declared that the work of the board was proceeding satisfactorily in all respects, and pold was proceeding sansactionly in all respects, and point a high compiliment to the Committee on Legislation which had represented the interests of the board at Washington. The board had met. Mrs. Palmer continued, with great troubles and difficulties in its efforts to obtain the co-operation of committees of women in foreign countries. In Algeria, Syria, and some other places their efforts had been entirely fruitless. The report suggested that there was an immense field for missionary work in giving the women of the East an opportunity to show of what they were capable. With the exception of the countries named, from which no active assistance had ever been expected. Denmark was the only country which had not signified with eagerness its Intentio which had not signified with eagerness its intention to help along the exhibit of women's work. Steps were now being taken, however, which hade fair to secure the co-operation of the women of that country. It was announced that the board had invited propositions also for the publication of a newspaper to be sold on the grounds; this paper to be edited and printed by women and devoted to their interests, and to be a special World's Fair paper.

BANKS WILL NOT DO BUSINESS ON FRIDAY, DE SPITE STATE OFFICIALS.

st, was considerably excited yesterday by the report from Albany that Governor Flower intended to issue a proclamation declaring that the Constitution of the State forbade considering Friday a legal holiday, although it had been proclaimed so by Presi dent Harrison. The rumor started the general in-quiry: "What will the banks do! Will the Stock Exchange reopen!" There was a liberal denunciation of the Governor before advices came from Albany

There will be no formal meeting of the Clearing House Committee. The members, however, discussed the supposed exigency informally and decided that the position of the banks in observing Friday as a holiday was impregnable. The Clearing House Com-mittee considered the question weeks ago and was advised by A. R. flyett, its counsel, that the Clearing House should be closed on October 12 and 21. It was so ordered by circular of the committee dated September 21. Moreover, the First National, Chase, Importers and Traders', Gallatin, Fourth National and other prominent banks took individual legal advice from eminent lawyers, who were unanimpinion that under the State law of May 6, 1887, the President's proclamation calling for an "expression of gratitude to Divine Providence" constituted October 21 a legal holiday in New-York. The banks will unanimously observe that day, no matter what the opinion of the State Attorney-General may be on th

A regular meeting of the managers of the Pr Exchange will be held to-day to decide whether or not to take a holiday on Saturday. It had be not to take a holiday on Saturiay. It had been decided to take one on Friday, but the question aris-ling as to its being a State holiday may lead to further consideration of that subject. The hoards of the cotton and the Coffee Exchanges will meet to-day to consider Saturday closing and, if need be, take up again the question of closing on Friday.

GOVERNOR FLOWER TAKES NO ACTION.

Albany, Oct. 18 .- "The report in the morning paper that Governor Flower would to-day issue a statem regarding Friday next being a legal holiday is not founded on any information given out from the execu-tive chamber," said Colonei Williams, the Governor private secretary, this morning. "The fact of the matter is," added Colonel Williams, "the 21st of this month is not a legal holiday in this State. Our State Legislature named the 12th as the day on which we were to celebrate the discovery of America. Other states in which a day had not been named set apart the 21st as the day to be observed in such States, in pursuance of the request of the President. pursuance of the relation in the matter. Friday would not be a legal boilday in this State unless set apart as such by proclamation of the Governor. The Governor would probably have issued such a proclamation if the State Legislature had not previously designated October 12 as Columbus Day."

CLOSE OF THE FIRST ROUND AT CHESS.

LASKER WINS FROM J. W. BAIRD-SCORE OF THE GAME AND RESULT OF THE SERIES.

At the Manhatian Chess Club yesterdsy afternoon the first round of the three-game matches between Emanuel Lasker and eight picked players was completed by a fascinating little game, in which the younger Baird let slip a palpable chance of victory. Thus, very fitly, Herr Lasker has met with his firs and so far only defeat at the hands of the New-York State champion, A. B. Hodges. Lasker was in a quick-playing humor yesterday, his stop-clock showing the use of but one minute over the first ter moves, and thirty seven minutes over the entire forty moves. Baird, on the other hand, consumed 1 hour and 40 minutes. The rapidity of the German muster can easily be set down to his wonderful familiarity with the openings. As will be seen from the position on the diagram, this familiarity seems to have led the young champion on to the verge of a ches precipice, over which his opponent's K Kt P was to indulgent to push him. Briefly to describe the game, Black's 13th move led to the recovery o the sacrificed Pawn, with an apparently better outlook than (if) 13...B-K Kt 5; 14 cfstles, 14 B x P ch.; 15 K-R sq. when White has P-Q Kt 4 in hand, by which the Pawn might be held. It is due o Lasker to observe that his 17th move was made without forecasting White's 10th, otherwise he might have played differently.

However, White, working on the pivot at K B 4. caused pretty possibilities, for had Black ineautiously replied 22... K-R sq. he would have lost by 23 Q x B! Baird soon afterward, unfortunately. missed a chance of gaining a piece in the appended position :

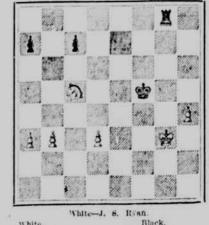

WEITE-BAIRD.

(White should here have played 30 P-K Kt 4.) After this Lasker quickly got his opponent into trouble, threatening and finally obtaining a mating position with Kt and R, with his usual advoitness in the ending. Appended is the game:
